

# Certificate in Risk and Disaster Management – Level 5

*Talent Eye Training Institute (TETI) – Building Resilience, Protecting Communities*

---

## Philosophy of the Program

The **Certificate in Risk and Disaster Management** is a **Competency-Based TVET** program designed to provide learners with **foundational skills in emergency preparedness, disaster response, risk reduction, and resilience building**. It emphasizes **practical training, ethical decision-making, and community-focused disaster management**. Graduates will be prepared to contribute to **national disaster response frameworks and organizational risk management strategies**.

---

## Goal of the Program

- To train **competent entry-level professionals** in disaster preparedness and emergency response
  - To equip learners with **knowledge and tools for identifying, analyzing, and mitigating risks**
  - To build **community resilience and promote sustainable disaster risk reduction (DRR)**
  - To prepare graduates for **employment or further progression in disaster management fields**
- 

## Expected Learning Outcomes

## Knowledge

- Principles of **risk and disaster management**
- Types of disasters: **natural, technological, and human-made**
- **Disaster preparedness, mitigation, response, and recovery frameworks**
- Basics of **climate change adaptation and environmental risk**
- National and international **disaster policies, protocols, and institutions**
- **Occupational Health and Safety (OHS)** principles in disaster contexts

## Skills

- Conducting **risk assessments and hazard mapping**
- Coordinating **emergency response and evacuation drills**
- Applying **first aid, fire safety, and crowd management procedures**
- Developing **disaster preparedness plans**
- Effective **communication in crisis situations**
- Collecting and reporting **disaster data for decision-making**

## Competences

- Demonstrate **professionalism in managing emergencies and risks**
  - Apply **ethical and community-sensitive approaches** to disaster management
  - Work effectively as **frontline responders in disaster and risk agencies**
  - Promote **safety and resilience in communities, organizations, and institutions**
- 

## Assessment Procedures

- **Internal:** Class participation, practical drills, group projects, case studies
  - **External:** TVET CDACC summative assessments
  - **Portfolio of Evidence:** Field reports, simulation exercises, and reflective journals
- 

## Accreditation

The program is accredited and recognized by:

- **TVETA**
  - **TVET CDACC**
  - **KNQA**
-

## Admission Requirements

- KCSE mean grade **D (plain)** or higher
  - Equivalent qualifications as recognized by **KNQA**
- 

## Intakes

- **January**
  - **May**
  - **September**
- 

## Mode of Delivery

- **Face-to-Face training** (simulations and practicals)
  - **Blended learning** (online theory and in-person drills)
- 

## Course Duration

- **1 academic year (2 semesters)**
- 

## Career Pathways

Graduates may serve as:

- **Disaster Response Assistants**
- **Emergency Relief Officers**
- **Community Risk Educators**
- **Safety Assistants in NGOs, government agencies, and humanitarian organizations**

Progression to:

- **Diploma in Risk and Disaster Management (Level 6)**
  - **Diploma in Public Safety, Security, or Environmental Management**
-
